

On April 17<sup>th</sup>, 2019 the Jr./Sr. High JAG-K program went to their first state competition in Salina, Ks. It was a very difficult competition, but our students did really well. We represented Goodland well and just fell short of placing as a team. In this competition, we only award the top 3 teams out of just over 80 in the state. The students are excited to come back next year even more competitive and hopefully place in the top 3. Please congratulate these state placers. In T-Shirt design, there were hundreds of entries and we had 2 students in the top 6!

Danny Diaz 3rd - T-Shirt Design

Baylee Hillmer 5th - T-Shirt Design

Britney Pummer 5th - Project Based Learning - only 2 spots away from qualifying for Nationals in Washington D.C.

Lorena Loomis/Olevia Peña 6th - Students for Service

Danny Diaz/Aidan Barnes - DNP - Project Based Learning

Jordan Madden - DNP - Math Skills
